

Mosebo Minerals

100% Black-owned industrial supply company in South Africa

ABOUT US

Mosebo Minerals (Pty) Ltd is a 100% black-owned South African company specializing in quantity surveying project management. Established to respond to South Africa's growing infrastructure and housing demands, Mosebo Minerals brings together a multi-disciplinary team with expertise across civil works, building projects, and professional project support services.

Our company is driven by innovation, professionalism, and excellence. We align our business with the goals of the B-BBEE Act and proudly contribute to transformation and sustainable socio-economic development in the communities we serve.

QUANTITY SURVEYING

POWERING INDUSTRIAL PROGRESS FROM INCEPTION TO COMPLETION

- To be a leading quantity surveying company recognized for quality, innovation, and reliable cost control.
- To continually enhance excellence in cost management and project management.
- To create a workplace culture that fosters creativity, teamwork, and continuous growth.

OUR MISSION

Mosebo Minerals is committed to delivering world-class, cost-effective, and sustainable infrastructure solutions through:

- A holistic approach to cost management.
- Attracting, developing, and retaining highly skilled professionals.
- Leveraging modern technology, research, and innovation.
- Ensuring compliance with safety, health, environmental, and quality standards.
- Building long-term, trusted partnerships with clients and stakeholders.

OUR SERVICES

Safety, Health, Environment, and Quality (SHEQ)
Mosebo Minerals is dedicated to maintaining a zero-harm philosophy. We comply with all relevant South African legislation, including the Occupational Health and Safety Act, and implement robust environmental policies to ensure sustainable and eco-friendly construction methods.

Our focus is on:

- Providing safe working environments for all staff.
- Minimizing environmental impact.
- Delivering consistently high-quality outcomes.

BUSINESS VALUES

- Professionalism – We operate with integrity, discipline, and respect.
- Efficiency – We balance delivering projects within cost, quality and agreed timelines
- Transparency – We maintain open and clear communication with all stakeholders
- Responsiveness – We proactively meet client needs and adapt to challenges.

STRATEGIC OBJECTIVES

- Deliver projects efficiently and on time.
- Foster teamwork and continuous improvement.
- Build sustainable relationships with clients and partners.
- Achieve controlled, self-sustaining growth.
